Notice of Completion of Groundwater Appropriation  
Without Well

STATE ENGINEER

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1930

Owner M. State Land Address Helena, Mont

Contractor (if any) none

Address of Contractor none

Date Started Spring Date Completed Natural Spring

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring about 50 feet from deeded land. Flow into deeded land by natural water bed and used for stock

SE 1/4 Sec 33 T. 105 R. 7W

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. All water used for stock and camp. Natural spring. Amount depends on moisture from snow and rain.

Signature of Owner Howard J. Bent

Date December 7, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

**Declaration of Vested Groundwater Rights**  
(Under Chapter 237, Montana Session Laws, 1961)

**RECEIVED**  
DEC 30 1963  
**STATE ENGINEER**

Sidney M. Leonard of Grant Star Rte Millen  
(Name of Appropriator) (Address) (Town)  
County of Beaverhead State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

E 1/2 NE 1/4 Sec. 7 T. 11 S. R. 16 W

Indicate point of appropriation  
and place of use, if possible.  
Each small square represents 10  
acres.

2. The beneficial use on which the claim is based Irrigation of pasture water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been June 1951 to date
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 7.5 miner's inches during irrigation
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Approx 200 acres hay land owned by S.M. Leonard
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal 134 ft. located as on map
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater June 1951, this day - May 12-11 1962
8. The depth of water table 10' in irrigation period
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater One well 20' deep with 9" casing. Pumped by portable gas powered pump
10. The estimated amount of groundwater withdrawn each year 5 inches for 15 days
11. The log of formations encountered in the drilling of each well if available Two feet top soil and balance fine gravel
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record 7-1-91 water log by dragline

Signature of Owner S. LeonardDate Nov 12 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
